8500
DC BATTERY BACKUP CAPABLE WALL MOUNT GARAGE DOOR OPENER

Wall Mount Design:
The Simple Beauty of an Open Space

Connectivity
• MyQ® Technology enables you to securely monitor and control your garage door opener and houselights with your smartphone, tablet or computer.
• Alerts can be received as email or pop-up (push) notifications on your mobile device so that you always know the status of your garage door and houselights.
• MyQ mobile app is a free download requiring no annual activation fee.

Performance
• P3™ Motors from LiftMaster® are reliable, durable and powerful – designed specifically for your needs.
• Ultra-quiet eliminates sound and vibration through the ceiling – perfect if you have a home with a room above or next to the garage.
• Battery Backup powers up even when power is out so you can get in your garage (optional battery 475LM is required).
• Wall mount design frees the garage ceiling of hanging operators and rails and opens up the space for additional storage – ideal for cathedral or obstructed ceilings.
• Remote light delivers 200 watts of light with adjustable light time delay.
• Lifetime motor and 5-year parts warranty.

Safety and Security
• Security+ 2.0™ safeguards your household – with every click a new code is sent to the garage door opener so that the door opens only for you.
• Alert-2-Close warning system provides audible and visual warnings when the garage door is about to close when using MyQ Technology or Timer-to-Close.
• Motion detector activates the garage door opener lights as soon as you walk in so no more fumbling in the dark.
• The Protector System® has safety sensors that project a light beam across the garage door opening automatically reversing the door if anything interrupts the beam.
• Power Lock Deadbolt ensures the door cannot be forced open.

Included Accessories:
3-Button Elite Remote Control (895MAX)
Allows you to control up to three garage door openers, gate operators or MyQ Accessories. Sleek contoured design with bright blue LED lights.
MyQ Control Panel (888LM)
Allows any garage door opener manufactured since 1998 to be controlled by your smartphone, tablet or computer (when paired with the LiftMaster Internet Gateway) – provides the upgrade needed to utilize Security+ 2.0™ and MyQ Technology.
Remote Light (380LM)
Light your space the way you want to by placing this anywhere in the garage. Uses (2) 100 watt bulbs (not included).

Optional Accessories:
LiftMaster Internet Gateway (828LM)
Connect your MyQ-Enabled Garage Door Opener and Accessories to the Internet with this device.
Remote Light Control (825LM)
Allows you to control any lamp with your garage door opener remote control or smartphone via the LiftMaster Internet Gateway.
Garage and Gate Monitor (829LM)
Enables you to monitor and close up to four garage doors or gates from any room in your house.
Battery Backup (475LM)
Powers up even when power is out so you can get in your garage.
