CUSTOM PAINT OPTION

Color Blast® offers more than 1,500 Sherwin-Williams® color options to complement your home. This durable two-part paint system has been thoroughly tested and is backed by a five-year warranty.

ADDITIONAL FEATURES

- Tongue-and-groove section joints help seal out wind, rain and snow.
- Replaceable vinyl bottom weatherseal in a rust-resistant aluminum retainer helps seal out the elements.
- Patented Safe-T-Bracket® helps prevent serious injury that could occur if the bottom bracket were removed with the garage door closed and under tension.
- Color-matched exterior step plate/lift handles are durable and allow for safe opening and closing of your door.
- 2" thick polystyrene doors and all Intellicore® doors comply with 2015 IECC air infiltration requirement of 0.40 cfm/ft² or less (IECC, Section C402.5.2).
- See your Clopay Dealer for WindCode® door availability.

For additional information about how to care for and maintain your door, visit: clopaydoor.com/residential/support

ULTRA-GRAIN® PAINT OPTION

- Cypress Medium Finish
- Cypress Cherry Finish
- Cypress Walnut Finish

HEAVY-DUTY HARDWARE

2" thick polystyrene doors and all Intellicore® doors come standard with 10-ball nylon rollers and heavy-duty 14 gauge steel hinges.

Models 9202, 9201, 9206, 9205, 9209, 9132, 9131, 9138, 9139, 4302, 4301, 4308, 4305, 4309, 4132, 4051, 4138, T42F, T41F, T40F

Due to the printing process, colors may vary. Not all colors available on all models. See previous page for complete color availability.
RUST-PREVENTION SYSTEM
Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanized layer, a protective metal oxide pretreatment and a baked-on primer and top coat.

GREATER ENERGY EFFICIENCY
Thermal break* separates the interior from the exterior skin to improve energy efficiency and comfort.

*Thermal break is not present on 4051, 2-Layer and 1-Layer Models.

A FOCUS ON green
Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The Modern Steel™ Collection helps conserve natural resources by providing a durable, reliable, low-maintenance door. Steel doors and hardware are impervious to moisture and will not rot, warp or crack, and the steel used in Clopay’s doors is made from over 75% recycled content. All Clopay doors are made in the U.S., minimizing shipping, damage and handling. For more details on Clopay’s green practices, visit our website at clopaydoor.com/green.
CONTEMPORARY WINDOW ORIENTATION

When ordering contemporary window configurations please reference the examples provided to describe your desired window positions. **Note: Window configurations are described from inside the garage looking out.**

Example: Windows down right side **(from inside garage looking out)**

View from Inside Garage  
View from Outside Garage
The windows shown below apply to Models 9208, 9209, 9138, 9139, 4308, 4309 and 4138. These doors utilize 24” and 21” section heights, allowing for the window options shown. Contemporary window configurations are available in many design options, including windows in each section and down one side, short and long windows or windows in all sections. For doors with multiple window sections, the window locations must be the same in every section.

The images below are illustrated from outside the garage.

Important Note: The ordering codes listed below are from the inside of the garage looking out, as explained on the previous page. See your Clopay dealer for more details. The illustrations shown below show window (glazed) and/or no window (solid) locations.

**SOL** = Solid (no window) location  **GL** = Glazed (window) location

Sections are numbered from the floor up to the top of the door.

For doors with glazing (windows) in the sections, all glass will be tempered.

Glazing options include:

- Clear
- Obscure
- Narrow Reed
- Frosted

Other glass types and custom glass are available. See your Clopay Dealer for details.
